PROFILE:

I'm Kanumuri Ajith Varma, a 2nd-year Computer Science and Engineering student at VIT University. I'm enthusiastic about data science and keen to secure my first internship in the field. Despite lacking industry experience, I've excelled academically and participated in relevant extracurricular activities.

I'm a fast learner, adaptable, and eager to take on new challenges. My interest in data science stems from its potential to extract insights from vast datasets. I'm committed to making the most out of this internship opportunity, contributing actively to projects and gaining practical experience.

WORK EXPERIENCE:

Fresher

Projects:

1: CREDIT CARD FRAUD DETECTION: Languages used : Python

- Data set: Data on the transaction of credit cards is used here as a data set.
